

## Internship Building designer (M/F) | Luxembourg

Welcome to Steel Shed Solutions! We are a worldwide digital platform located in Luxembourg recruiting talents (young or less young). Fast-growing SME, created in 2001, we are specialized in sale of steel shed kit buildings.

At a strong growth rate, we recruit #talents with whom we can share our values: #teamspirit #ambition #challenge!

### #Missions #Objectives

Our future young talents will have the mission to integrate in a design office and:

- ↗ Participate in the conception and realization of studies in order to install equipments taking into account the internal rules and constraints in the technical specificities related to the activity
- ↗ Participate in the realization of the plans: Fabrication plans, nomenclature and technical documents related to the installation of equipments (technical specifications, reports...) using the IT tools and the design software 3D AutoCAD and Advance Steel
- ↗ You will even be in charge of the calculation behind the metal steel frames according to your technical competences!

Missions are not limited and will evolve according to the potential and efforts of the candidate (so help yourself!)

### #Profile #Skills

- ↗ Your formation is at least baccalaureate plus 2 years of higher education in the domain of Building and Public Works, you have good knowledge of AutoCAD, ideally you know the software AdvanceSteel
- ↗ You are a rigorous and organized person, with good communication both oral and written
- ↗ You are meticulous and careful
- ↗ You know how to plan out your activities and manage your priorities

### #Advantages

- ↗ Starting date: to be agreed.
- ↗ Bonus: Fix according to your profile.
- ↗ Workplace: Luxembourg/Bertrange
- ↗ Continuous formation and daily support to succeed in your functions
- ↗ Teambuilding and afterwork
